

October 13, 2013

Dear Parents/Guardians,

This is a crucial time in your child's life. During his/her senior year of high school they should be focusing on what their next step will be after graduation. If college is the path which your child is going to take, decisions need to be made such as which colleges they will apply too. This is a long process so I encourage you to start as soon as possible.

Bloomsburg University is a college that is meant for anyone and everyone. It is a university where one can blossom and experience new things. The people at Bloomsburg University are accepting of everyone. There are opportunities for all to be involved and meet new people. Among various community service clubs/organizations, there are sports, Greek Life and academic clubs. If there is a club your child is interested in joining, and Bloomsburg does not offer it, that can be changed. We try to satisfy our student body population as a whole and make sure everyone finds his or her niche.

All are welcome at Bloomsburg University; both in-state and out-of-state students find their way and enjoy life here at Bloomsburg. If money is an issue and you need to encourage your child to attend an in-state university, Bloomsburg is the one. Being an in-state or out-of-state student can only affect a student's experience if they allow it to. As long as your student wants to be involved and enjoy their time here, they will. They can meet people from different states or different counties whether coming from in-state or out-of-state. New friends, new possibilities, and a fresh start are possible for **any** incoming freshman.

Come to Bloomsburg University and allow your child to fall in love with our University.

Please feel to give us a call with any questions you might have at (570)-389-4316.

Sincerely,

President Soltz
